

Схема геодезических построений

△ SLAV

△ CHRN

△ NSTR

3У

The diagram illustrates a geodetic construction. It features three points labeled with triangles: SLAV, CHRN, and NSTR. SLAV is positioned in the upper left. CHRN and NSTR are located lower down, with CHRN to the left of NSTR. Two lines are drawn: one from CHRN and another from NSTR. These lines intersect at a point marked by a small red square. The Cyrillic label '3У' is placed to the right of this red square.
